### **Computer Security Systems Specialist - Level I**

What you'll get to do as Computer Security Systems Specialist - Level I at TDG:

- Operate and manage the secure data center computer systems, networks, and/or applications.
- Provide support to plan, coordinate, and implement the organization's information security.
- Provide support for facilitating and helping agencies identify their current security infrastructure and define future programs, design and implementation of fire-wall and other related security issues on LANs/WANs.
- Working knowledge of several of the following areas is required: understanding of business security practices and procedures; knowledge of current security tools available; hardware/software firewalls and their implementation; different communication protocols; encryption techniques/tools; familiarity with commercial products.
- Support security assessments certification and accreditation efforts. Knowledge of NIST Special Publications related to security, FISMA, and OMB reporting requirements.
- Perform risk analyses which also includes risk assessment.

Job Pre-requisites and Required Qualifications:

- **Mandatory:**
  - Must be capable of attaining Government Security Clearance NACL ("Public Trust").
  - Minimum Experience: Five years.
  - Education: Bachelor of Science
  -
- **Desired:**
  - A current Government issued CAC. Not Mandatory but helpful in fulfilling the urgency of the requirement.
  - CSAM experience
- Security Certifications preferred:
  - Certified Information Systems Security Professional (CISSP)
  - Certified Cloud System Professional (CCSP)
  - Project Management Professional (PMP)
  - Certified Information Security Manager (CISM)
  - Cyber Security Maturity Model Certification (CMMC)
  - Certified Information Systems Auditor (CISA)
  - Certified Authorization Professional (CAP)

Place and Method of Work Performance:

- Candidate will be working 100% remote.
- Candidate will be required to attend virtual meetings utilizing Microsoft Teams.
- Candidate may be required to travel periodically for meetings and/or to obtain and provision appropriate GFE and/or PIV Cards.

This position is a highly visible position interacting with a major Federal Government client at a high level. Communication and writing skills are of paramount importance and the ability to work independent of supervision is critical.
