Computer Security Systems Specialist - Level III

What you'll get to do as Computer Security Systems Specialist - Level III at TDG:

- Analyze and define systems security requirements.
- Design, develop, engineer, and implement solutions to security requirements.
- Responsible for the development and implementation of recommended security solutions.
- Gather and organize technical information about an organization's mission, goals, and needs, existing security products, and ongoing programs in the security arena.
- Perform risk analyses and assessments; assist the government security officers in all aspects of security.
- Support government clients in development and execution of the client's information assurance program.
- Directs multiple security assessments certification and accreditation efforts. 10 years' experience with NIST Special Publications related to security, FISMA, and OMB reporting requirements.
- Perform complex risk analyses which also include risk assessment.
- Support customers at the highest levels in the development and implementation of doctrine and policies.
- Apply know-how to government and commercial common user systems, as well as to dedicated special purpose systems requiring specialized security features and procedures.

Job Pre-requisites and Required Qualifications:

- **Mandatory:**
 - Must be capable of attaining Government Security Clearance NACL ("Public Trust").
 - 5+ years' experience with CSAM
 - Minimum Experience: Twelve years.
 - Education: Bachelor of Science
- **Desired:** A current Government issued CAC. Not Mandatory but helpful in fulfilling the urgency of the requirement.
- Security Certifications preferred:
 - Certified Information Systems Security Professional (CISSP)
 - Certified Cloud System Professional (CCSP)
 - Project Management Professional (PMP)
 - Certified Information Security Manager (CISM)
 - Cyber Security Maturity Model Certification (CMMC)
 - Certified Information Systems Auditor (CISA)
 - Certified Authorization Professional (CAP)

Place and Method of Work Performance:

- Candidate will be working 100% remote.
- Candidate will be required to attend virtual meetings utilizing Microsoft Teams.
- Candidate may be required to travel periodically for meetings and/or to obtain and provision appropriate GFE and/or PIV Cards.

This position is a highly visible position interacting with a major Federal Government client at a high level. Communication and writing skills are of paramount importance and the ability to work independent of supervision is critical.

Full Time Position

Salary Range: \$135,000 - \$145,000
