Security Business Analyst - Level II

What you'll get to do as Security Business Analyst - Level II at TDG:

- Provide expertise in security process analysis, design, improvement, and implementation efforts.
- Provide expertise in change management.
- Provide organizational and strategic planning for information assurance program.
- Provide expertise in, but not limited to, Configuration Management, Strategic Planning, Information Assurance Analysis and Security Technical Analysis.
- Gather and organize technical information about an organization's mission, goals, and needs, existing security products, and ongoing programs in the security arena.
- Perform risk analyses and assessments; assist the government security officers in all aspects of security.
- Support government clients in development and execution of the client's information assurance program.

Job Pre-requisites and Required Qualifications:

- **Mandatory:**
 - Must be capable of attaining Government Security Clearance NACL ("Public Trust").
 - Experience with NIST Special Publications related to security, FISMA, and OMB reporting requirements.
 - Minimum Experience: Six years.
 - Education: Bachelor of Science
- **Desired:**
 - A current Government issued CAC. Not Mandatory but helpful in fulfilling the urgency of the requirement.
 - CSAM experience
- Security Certifications preferred:
 - Certified Information Systems Security Professional (CISSP)
 - Certified Cloud System Professional (CCSP)
 - Project Management Professional (PMP)
 - Certified Information Security Manager (CISM)
 - Cyber Security Maturity Model Certification (CMMC)
 - Certified Information Systems Auditor (CISA)
 - Certified Authorization Professional (CAP)

Place and Method of Work Performance:

- Candidate will be working 100% remote.
- Candidate will be required to attend virtual meetings utilizing Microsoft Teams.
- Candidate may be required to travel periodically for meetings and/or to obtain and provision appropriate GFE and/or PIV Cards.

This position is a highly visible position interacting with a major Federal Government client at a high level. Communication and writing skills are of paramount importance and the ability to work independent of supervision is critical.
